

## Accessing the 2020 POGO Surveillance Report

*Childhood Cancer in Ontario: The 2020 POGO Surveillance Report* is intended for use with **Microsoft Office Excel 2010 and later versions** and best accessed using **Microsoft Windows**. It uses the **Excel Macro-Enabled Workbook** file format (file extension **\*.xlsm**) to deliver the best user experience.

### To access this report in Windows:

1. Download and open the file by clicking “Download Full Report.”
2. Click **“Enable Editing”** in the **Protected View** message bar that appears along the top of your screen, beneath the ribbon (screenshot below).

3. Click **“Enable Content”** in the yellow **Security Warning** message bar (screenshot below) that appears along the top of the Microsoft Office Excel application window, beneath the ribbon.

### To access this report in Mac:

1. Download and open the file by clicking “Download Full Report.”
2. Click **“Enable Macros”** in the **Macro Notification Window** (screenshot below) that appears on the screen in the Microsoft Office Excel application window.

For additional instructions about accessing Excel Macro-Enabled Workbook files, please visit [Microsoft Support](#).
