

6.2 Participant Site Selection

The POGO Provincial Pediatric Oncology Satellite Program network is comprised of specialized childhood cancer program and POGO Satellite Clinic treatment sites as defined by Pediatric Oncology Group of Ontario (POGO). The POGO Satellite Program ensures the expertise and support required to deliver circumscribed aspects of pediatric oncology care outside of specialized childhood cancer programs at select community hospitals across the province.

Disclaimer: Source Accuracy

You are welcome to download and save a local copy of this document in the Word and/or PDF formats provided. As the POGO Satellite Manual is subject to ongoing revisions and updates by POGO, we recommend you regularly check the online version posted at <https://www.pogo.ca/satellite-manual/> to ensure you have the most up-to-date content. In the event of any inconsistency between the content of a local copy and the online version of the POGO Satellite Manual, the content of the online version shall be considered correct. Please see also the [POGO Satellite Manual Disclaimer](#).
