

7.9 Site Inspections and Quality Assurance

Specialized childhood cancer program principal investigators (PIs) will delegate POGO to make regular in-person (or virtual, as required) visits to POGO Satellite Clinics to review and inspect research study processes. Individual PIs reserve the right to personally inspect the POGO Satellite Clinics to ensure good clinical practice (GCP), that clinical research requirements are met and provision of quality care.

Disclaimer: Source Accuracy

You are welcome to download and save a local copy of this document in the Word and/or PDF formats provided. As the POGO Satellite Manual is subject to ongoing revisions and updates by POGO, we recommend you regularly check the online version posted at <https://www.pogo.ca/satellite-manual/> to ensure you have the most up-to-date content. In the event of any inconsistency between the content of a local copy and the online version of the POGO Satellite Manual, the content of the online version shall be considered correct. Please see also the [POGO Satellite Manual Disclaimer](#).
